

Let Me Tell You About My Jesus

Your Network of Praise • New Life Africa Satellite Networks

SHARATHON 2022

Dear Friend,

As I write this letter to you the first thing I want to do is ask how you are doing?

The past few years have taken a toll on so many of us...the news seems to be dominated by inflation, political tensions, shootings, and more. While it's hard to find any hope in all of this, it's easy to see what the answer is... people's hearts need to be changed, and minds need to be renewed, and only Jesus Christ can make that happen!

That is why YNOP chose the theme **Let Me Tell You About My Jesus** for 2022!

Those of us who know Jesus as our Savior have a great privilege and responsibility to tell those we cross paths with that there is a God who loves them, and Who has a future and hope for them, even during a year like 2022!

YNOP and Evangelism Explosion recently worked together to tell others about our Jesus! During July, 17 teams consisting of EE staff members and YNOP listeners went out into the communities of Helena and Billings and shared the good news! What surprised me most was that when we asked people we encountered on the street if they would like to hear about Jesus, *more than half of them said "yes"!*

Knowing that so many people are ready to hear the gospel during this turbulent era is a great motivator to *"make the most of the time, because the days are evil"* as the Bible tells us to do (Ephesians 5:16).

And, never before has YNOP had such powerful tools, and so many opportunities to share the gospel here in the western United States, and overseas!

Roger Lonquist and John Sorensen, President of Evangelism Explosion, met earlier this year to plan YNOP / EE events in Montana, and to collaborate on a new radio feature, Share Life Africa, that now airs in 3 languages on YNOP's satellite networks in Africa.

One region of the world that is desperate for hope right now is Ukraine. During our Day of Hope on Monday, September 26, our special guest, John Summerville of Trans World Radio will fill us in on what is happening in Ukraine and we will invite you to partner with YNOP and TWR to keep the Christian broadcasts they are producing moving forward!

**GOOD NEWS
FOR UKRAINE**

EVERLASTING HOPE IN AN ONGOING WAR

During 2022, the word “satellite” has been spoken often at YNOP! As you read this letter, engineers are traveling throughout the six states that YNOP broadcasts in, replacing our old satellite systems with brand new, state of the art, systems which will enhance the ministry of YNOP! And, across Africa the 2 satellite radio networks that Your Network of Praise has started in the past 18 months are broadcasting the gospel in *4 languages* to the people of *20 nations*, in partnership with local Christian radio stations across the continent!

While it is very expensive to do this, the “bang for the buck” is incredible! Through the Swahili and English-language broadcasts on the *New Life Africa Satellite Network*, and the French and Fulani broadcasts on *Vie Nouvelle Afrique*, potentially millions of people are hearing the gospel and receiving quality, biblically-sound teaching daily. Our Africa Director, Joseph Kebbie, will be joining us during our Sharathon to fill us in... don't miss it!

As important as the work in Africa is, we still have much to do here in Montana and the neighboring states! During 2022, YNOP received FCC licenses for *7 new radio stations* in Montana, Wyoming, and North Dakota! We are working as hard as we can to get the first 3 stations...Harlowton, Big Timber, and Glendive...built by the end of the year.

God is truly giving YNOP and the *New Life Africa Satellite Networks* unprecedented opportunities to reach people in the US and Africa with the life-changing, life-saving message of Jesus Christ! Your partnership with YNOP in all of this is deeply appreciated, and is vital to it continuing forward! Would you pray about partnering with us financially during this year's Sharathon?

And, be sure to join us for a very special Day of Hope on Monday, September 26! Go to YNOP.org for a complete list of special interview guests & more!
